

**Elogic®**

**the other way,  
the better way.**

Especially in these times of rising competition dependable producing plants are of increasing importance. This in particular is valid for the filtration units. Using equipment that was exported from abroad in the area of maintenance you have a constant need of a dependable, experienced partner that commits itself to Saudi Arabia.

With Elogic GmbH you found that partner.

We are a German company that is operating with a team in Saudi Arabia.

We have people onboard that were formerly working with highly internationally operating companies like Siemens, GEA Group, Knauf Gypsum and Intensiv-Filter.

Within the area of filtration in all kind of industries our people can back on twenty years of experience in the field of service and commissioning. On top of that we can provide several years of local experience in Saudi Arabia, e.g. more than one year technical assistance for Yamama Saudi Cement Company.

Receiving a very positive feedback from that customer we decided to provide our services to other companies as well.

In order to convince you about our performance we will contact you during the next few days scheduling a

**FREE check of your filter plants including a report stating the current status and recommending measures needed.**

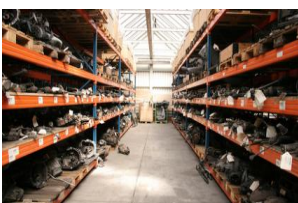

**FREE examination of your spare parts stock including a report stating the current status and recommending measures needed.**

Our scope of services available for you:

- Maintaining your filter plants
- Supplying mechanical and electrical spare parts of all kind for your filter plants
- Replacing spare parts of your filter plants by supervision or turn key
- Projecting revamping your filter plants
- Projecting new filter plants
- Delivering complete filter plants
- Coaching your staff

Acting as local company and having long lasting relationships to all major supplier and sub-supplier we are able to fulfill all your needs quick, in time and with a competitive price. In case of technical questions we are able to help you immediately both with our teams in Germany and Saudi Arabia.

In case you have any questions feel free to contact us any time.
